Sadie is a story
unto herself
to all Craftsmen.

To those who have
served in the Golan
so is ***Christine***

Christine
(a 1974 Dodge Power Wagon)
was used in the initial deployment
from Gaza to the Golan Heights.

Christine was refurbished in 1989.

Christine became a mascot of the
EME Maintenance Section in UNDOF.

Christine was sent to Canada in 2003
when the Canadian deployment
in the Golan was closed down.

Christine is now a heritage vehicle in the
EME School in Camp Borden.

We are also known by

with Humour.

*Craftsman Humour
in World War One
and in RV89*

EME working mottoes

include

RCEME to the Rescue

Call the RCEMEs

Gros ou petit, nous tous les réparons

(Big or small, we fix them all)

Craftsmen design and build
EME Recreational Vehicles
for fun and to
develop trade skills
in young Craftsmen.
